Good morning,

My name is Irv Richardson and I am the Coordinator for Public Education and School Support for NEA-New Hampshire. One of the responsibilities of my role is to provide professional development for educators in New Hampshire – particularly the 17,000 educators who are members of our organization. Many of the licensed educators who teach Social Studies in New Hampshire's public school are seeking clarification on Sections 297 and 298 of House Bill 2. We have shared the guidance on your website with members but many of our members still have questions and want to better understand the law.

Do you have someone associated with the Human Rights Commission who might provide further clarification on the law and answer questions from educators using a virtual platform? I have reached out to the New Hampshire

Department of Education and they indicated that I should make such a request to you. We have our next conference scheduled for October 8th but this topic is so important, we can accommodate any time that would be convenient for the presenter you recommend.

I look forward to hearing from you.

Sincerely,

Irv Richardson, Ed.D.
Coordinator for Public Education and School Support, NEA-New Hampshire
